EXPERIENCE

Centous Solutions – Ahmedabad, GJ

React.js Intern

Sep 2023 – Apr 2024

- Frontend Development: Created 10 responsive websites, boosting UI/UX, increasing user engagement by 30%, and reducing bounce rates by 20%.
- Figma to Code Conversion: Transformed 15 Figma designs into functional sites, improving load times by 40% and user satisfaction by 25%.
- Tailwind CSS: Applied Tailwind CSS in 5 projects, cutting development time by 25%, enhancing productivity by 30%, and shortening project completion by 15%.
- React.js Projects: Enhanced 8 React.js websites, increasing user interaction by 40% and improving responsiveness by 25%.
- Problem Solving: Resolved 50 technical issues, reducing website downtime by 50% and boosting customer satisfaction by 20%.

Project

Responsive Portfolio Website

Create a personal portfolio website that showcases your projects, skills, and contact information.

Key Technologies: HTML, CSS (including frameworks like Bootstrap or Tailwind CSS), JavaScript.

Features to Include:

- Mobile-friendly design.
- Interactive elements like modals and image sliders.
- Sections for About Me, Projects, Skills, and Contact Form.
- Dark mode toggle.

Task Management Tool

Develop a task management tool where users can create, edit, and delete tasks, and organise them by status.

Key Technologies: HTML, CSS, JavaScript, React or Vue.js.

Features to Include:

- CRUD operations for tasks.
- Drag-and-drop functionality to move tasks between different statuses.
- User authentication.
- Integration with a backend service for persistent data storage.

SKILLS

- Frontend: HTML5, CSS, JavaScript, React.js, Tailwind CSS, Bootstrap, Figma, jQuery
- Tools: GitHub, WordPress, WooCommerce, Shopify
- Certifications: Google Cloud Certified Professional Cloud Architect, Cyber Security User - R11
